Sears Carpet, Upholstery and Air Duct Cleaning gets fresh new look

Local business rebrands in light of store closures

(Vancouver Island, BC) After 25 years of business, **Sears Carpet, Upholstery and Air Duct Cleaning** has undergone a rebrand and will be changing its name to **Fresh Look Carpet, Upholstery and Air Duct Cleaning**.

“The name change and logo rebrand accurately reflects who we’ve become as a business, said Cindy Steuart, Owner for Fresh Look Carpet, Upholstery and Air Duct Cleaning. “Although we were a Sears affiliate for the last 25 years, we still operated as a standalone business. We are excited to have the opportunity to finally communicate this clearly to all our current and future customers.”

The name change is a result of an extensive rebranding effort designed to reflect the success and transformation of the company, in addition to recent Sears Canada store closures.

The new company name is part of our company’s evolution. It will continue to offer the same great service and customer service its delivered its customers since 1992, but with a fresh, new look.
